

Heat Trace Sucks. *But It Doesn't Have To.*

Meet the electrical heat trace guys: EHT Group, or in other words – us.

We are your heat trace experts with on-site experience and smart solutions designed to save you time and money, and prevent costly headaches. Stop getting derailed by your heat trace system and put it to work for you instead.

One Shop, No Stops

It's hard to focus on what really matters when heat trace steals valuable mindshare and poses significant operational risks. EHT Group has you covered with:

- ✓ Proven, industry-leading expertise
- ✓ End-to-end services: design & engineering, maintenance support, product ordering and installation, monitoring & maintenance
- ✓ Significant on-site experience
- ✓ Elite customer service & responsiveness
- ✓ Exclusive SmartTrace technology & software

Save time and money. Access data in real time. Partner with technicians you can trust.

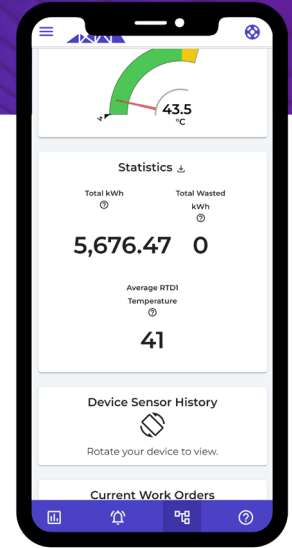

TRUSTED BY THE BEST

Trace Smarter, Not Harder

You need the right tool and the right data to make good decisions.

SmartTrace is a cloud-based monitoring and management solution that gives you better visibility, saves you money, and puts you in control of your heat trace infrastructure. Created through years of experience maintaining and managing heat tracing systems in live, operating facilities, SmartTrace provides the smart data you need to thrive.

SAVE ENERGY

Decrease overall costs, power consumption and CO₂ footprint.

REDUCE MAINTENANCE COSTS

Reduce time and field hours spent on alarm assessment and nuisance work.

ELIMINATE PIPE BURSTS

Eliminate human error and access continuous remote monitoring of EHT on critical process equipment.

EMPOWER YOUR TEAMS

Focus on more productive tasks with the heat trace visibility needed for productivity.

SOFTWARE FEATURES

- ✓ Live visibility. Real-time monitoring from anywhere
- ✓ Full-time automated EHT management
- ✓ Instant reporting on the health of your heat trace infrastructure
- ✓ No proprietary communication hardware
- ✓ Wireless & cellular solutions
- ✓ Live Programming review
- ✓ Automatic device trending
